No 77 of 1839 —The Hon'ble the President in Council is pleased to publish the following Military Despatch, No 14 of 1839, from the Hon'ble the Court of Directors, dated 20th March, viz
MILITARY DEPARTMENT.
No 14 of 1839

OUR GOVERNOR OF THE PRESIDENCY OF FORT WILLIAM IN BENGAL
PART I You are aware of the anxiety we have long entertained that the whole of the Departments of Building, Surveying and Road and Canal making and repairing should be confided to Officers of the Corps of Engineers
2 Upon a review of the present state of these Departments, we find that notwithstanding the full employment of the Officers of Engineers at your Presidency upon duties belonging to their profession, there are still 26 Officers not of that branch who are employed upon similar duties
3 The Establishment of Engineers at your Presidency is 60, with the addition at present of 12 Supernumeraries. These added to the Officers of other Arms employed as Engineers, form an aggregate at your Presidency of 98 Officers
4 We have now to announce to you our Resolution to raise the fixed Establishment of Engineers at your Presidency from 60 to 87, composed of three Battalions, each of the following Establishment, viz.
1 Colonel.
1 Lieutenant Colonel
2 Majors
6 Captains
12 1st Lieutenants
7 2d Do

5 This augmentation will still leave 11 of the 26 appointments above-mentioned to be filled by Officers not of the Engineers—some of these are temporary in their nature, and we would hope that on their cessation and by a careful attention to the employment of the Engineers, you will be relieved in a short period from the necessity of confiding such duties to Officers, who have not been specially educated for this branch of the Service
6 There are now eleven Supernumeraries to the Corps of Engineers at the Presidencies of Madras and Bombay. The whole of these are to have the option of being transferred to Bengal, ranking with the Supernumeraries at your Presidency according to their rank at Addiscombe as shown in the enclosed List. The option of transfer is to be given in order of Seniority at each Presidency from the highest to the lowest
7 The augmentation is to have effect from the date of its announcement in General Orders
8 The above augmentation will suffice to bring upon the Establishment all the present Supernumeraries at the three Presidencies and also two Cadets who are on the eve of completing their studies at Chatham

We are, &c

NOTES
 ON THE
Medical Topography of Calcutta,
 (Royal 8vo. 190 Pages, with 2 Maps. Price 5 Rs)
 BY JAMES RANALD MARTIN,
Presidency Surgeon and Surgeon to the Native Hospital.
 PRINTED BY ORDER OF GOVERNMENT.

"Upon the Moral, Physical and Political condition of the Inhabitants of Calcutta, European, Native and Foreign, Mr. MARTIN makes numerous and sensible remarks, which must be very interesting to our oriental countrymen, but which we cannot dwell upon here. The work must have cost the Author immense pains, as it goes most minutely into all the details and ramifications of Medical Topography—and not only so, but into the nature and treatment of the Endemic diseases of the place.

The code of Hygienic Maxims for the guidance of European sojourners concludes the work, which is constructed with great labour, talent and judgement.

It presents an admirable specimen of what a treatise on Medical Topography ought to be."—*From the Medico-Chirurgical Review, No. 57, for July, 1838.*

The following revised Terms and Conditions for making Advances in India and China upon Goods and Merchandize consigned to England are published for general information, also the following paragraphs 5 and 6 of the despatch of the Hon'ble Court of Directors, dated 17th August, prescribing the same for future observance:

TERMS AND CONDITIONS

FOR
MAKING ADVANCES IN INDIA AND CHINA,
UPON

The Goods and Merchandize of Individuals intended for Consignment to England, re-payable to the Court of Directors of the East India Company

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorized Agents of the East India Company, an Advance not exceeding three-fifths of such ascertained value will be made.

The rate of Exchange to be determined from time to time at the place where the Advance is made under the Court's orders.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

Per Company's Rupee for Advances made at.....	Bengal.
Ditto.....	Madras.
Ditto.....	Bombay.
Per Spanish Dollar Ditto.....	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn

deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills, and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England; and in cases where interest shall have accrued, such interest shall be computed at the rate or rates per cent. at which the Company have allowed Discount during the period for which such interest is chargeable.

9th.—Parties or their Agents will be required to insure the Goods from fire, and deposit the Policies with the East India Company; such Insurance to take effect from the date of the termination of the Sea risk. Should however the Parties or their Agents fail to effect such Insurance, the East India Company shall be at liberty to insure the Goods, the expense of which shall be reimbursed to them previously to their making any claim on the Goods to their Agents.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payment of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

Extract of a Despatch from the Hon'ble the Court of Directors in the Financial Department, dated the 17th August, No. 13 of 1838.

5.—In future we desire that you will restrict your Advances to the great staple Articles of Indian Produce, Cotton, Silk, Sugar, Coffee, Indigo, Salt Petre and Piece Goods—and further that no Advance be made upon any Consignment the ascertained value of which shall be less than 5,000 Rupees.

It being understood that Public Officers, in ignorance of the existence and nature of the Orphan Press Contract with Government, occasionally employ other Presses to the prejudice of the Orphan Institution, the General Management deem it expedient to publish, for general information, the following extract of a Letter from Mr. Secretary Prinsep, showing that the Orphan Press has the exclusive privilege of Printing for Government.

"Upon the Moral, Physical and Political condition of the Inhabitants of Calcutta, European, Native and Foreign, Mr. MARTIN makes numerous and sensible remarks, which must be very interesting to our oriental countrymen, but which we cannot dwell upon here. The work must have cost the Author immense pains, as it goes most minutely into all the details and ramifications of Medical Topography—and not only so, but into the nature and treatment of the Endemic diseases of the place.

The code of Hygienic Maxims for the guidance of European sojourners concludes the work, which is constructed with great labour, talent and judgement.

It presents an admirable specimen of what a treatise on Medical Topography ought to be"—*From the Medico-Chirurgical Review, No. 57, for July, 1838.*

"Upon the Moral, Physical and Political condition of the Inhabitants of Calcutta, European, Native and Foreign, Mr. MARTIN makes numerous and sensible remarks, which must be very interesting to our oriental countrymen, but which we cannot dwell upon here. The work must have cost the Author immense pains, as it goes most minutely into all the details and ramifications of Medical Topography—and not only so, but into the nature and treatment of the Endemic diseases of the place.

The code of Hygienic Maxims for the guidance of European sojourners concludes the work, which is constructed with great labour, talent and judgement.

It presents an admirable specimen of what a treatise on Medical Topography ought to be."—*From the Medico-Chirurgical Review, No. 57, for July, 1838.*

ADVERTISEMENT.

It being understood that Public Officers, in ignorance of the existence and nature of the Orphan Press Contract with Government, occasionally employ other Presses to the prejudice of the Orphan Institution, the General Management deem it expedient to publish, for general information, the following extract of a Letter from Mr. Secretary Prinsep, shewing that the Orphan Press has the exclusive privilege of Printing for Government.

"I am directed to acknowledge the receipt of your letter of the 6th instant, and in reply to state that it is by no means the intention of the Government to withdraw any part of its printing business from the Orphan School Establishment, or to allow Public Officers to give a preference to other Presses. On the contrary, the Vice President in Council has declared his readiness to enquire into every case in which other Establishments may be employed to the prejudice of the interests of the Orphan School, whenever such may fall under his notice or be made the subject of representation.

NOTES

ON THE

Medical Topography of Calcutta,

(Royal 8vo. 190 Pages, with 2 Maps. Price 5 Rs.)

BY JAMES RANALD MARTIN,

Presidency Surgeon and Surgeon to the Native Hospital

PRINTED BY ORDER OF GOVERNMENT

"Upon the Moral, Physical and Political condition of the Inhabitants of Calcutta, European, Native and Foreign, Mr. MARTIN makes numerous and sensible remarks, which must be very interesting to our oriental countrymen, but which we cannot dwell upon here. The work must have cost the Author immense pains, as it goes most minutely into all the details and ramifications of Medical Topography—and not only so, but into the nature and treatment of the Endemic diseases of the place.

The code of Hygienic Maxims for the guidance of European sojourners concludes the work, which is constructed with great labour, talent and judgement.

It presents an admirable specimen of what a treatise on Medical Topography ought to be."—*From the Medico-Chirurgical Review, No. 57, for July, 1838.*

Do. $2\frac{1}{4}$ "		2 Rupees

and upon every additional $\frac{1}{4}$ of a Tola 9 Ans.

The President in Council has further directed the following paras. 2 and 3 of the letter of the Honorable Court of Directors, dated 18th February, No. 3 of 1839, prescribing the establishment of the above rates, to be published for general information:

2. "We now enclose copies of the correspondence on the subject between our Secretary and the Secretary at the Post Office, from which you will perceive that the Lords of the Treasury approve of the postage on all letters being charged in proportion to their weight and not according to the number of enclosures, and that they also approve of the following scale:—

A Letter weighing $\frac{3}{4}$ of a Tola	to be charged	9 Ans.
Do. $1\frac{1}{4}$ Tolas		1 Rupee
Do. 2 Tolas		1 Rupee 10 Ans.
Do. $2\frac{1}{4}$ "		2 Rupees

and upon every additional $\frac{1}{4}$ of a Tola 9 Ans."

3. "You will therefore cause these rates to be substituted for those at present in force. It must be clearly understood that the above scale applies to such letters only as may neither be received from nor addressed to the United Kingdom. On letters of the latter description whether transmitted by Her Majesty's Mediterranean Packets or by way of Marseilles, Inland Postage only is to be charged in India, the Postage due to the British Government being levied on their arrival in or departure from this country."

By Command of the Hon'ble the President of the Council of India in Council,

Secy. to Govt. of India.

(No. 945.)

The following Extract from a Resolution by the Hon'ble the President in Council, under date 20th March 1839, communicated to the Bengal Government with Mr. J. P. Grant's letter No. 42 of the 15th ultimo, is published for general information.

Extract from the Proceedings of the Hon'ble the President of the Council of India in Council in the Financial Department, dated the 20th March, 1839.

RESOLUTION.—Resolved, that the 16th November 1836, the date when the Hon'ble Court's despatch dated 4th May of 1836, was laid before the Council of India for orders, be the date which is to regulate the claim of Incumbents to retain the allowances held by them on that date.

2d. Resolved, that the date of the receipt of the present despatch in its application to the Officers of the Bengal Division of the Presidency be the date when the letter from the Secretary to the Right Hon'ble the Governor General forwarding the despatch from His Lordship's Camp was laid before the Council, viz 20th February, 1839.

3d. With reference to the above dates Mr. C. Tucker, Extra Temporary Judge of the Sudder Dewanny and Nizamut Adawlut, under date 16th December 1836, (made permanent 9th September 1838,) and whose Salary since the former date has been fixed at 45,000 must, from the 20th ultimo, be reduced to 42,000.

4th. In like manner the Salary of Mr. Hawkins, Register, which, on the 16th January 1838 was fixed at 82,000 must, from the same date, be reduced to 80,000.

5th. Of the Civil and Sessions Judges, the Officers drawing Salaries in excess of 30,000 Rupees, who will fall under the Orders for reduction contained in this Despatch, are—

Messrs. R. P. Nisbett,
A. Dick,
J. Templer,
W. Dent,
H. Oldfield,

all of whom draw 32,000 upon augmentations made and since the 16th November 1836. The other Officers named in the List as drawing more than 30,000 are old incumbents, viz. Messrs. Cracroft, Lee Warner and J. D'Oily, and those who have received the higher rate of 36,000 before the 16th November 1836, viz. Messrs. R. Barlow and H. Moore.

6th. Of the Civil and Session Judges (in Number 28) the following draw allowances less than 30,000: Messrs Smelt, Russell, Biscoe, Gouldsbury, Gough, Cathcart, Golding, Deedes and Dunbar. The Salary of all these Officers being 28,000 they are each respectively entitled to an increase of 2,000 per annum provided that a deduction equivalent to furnish such an addition be immediately available, and if the deduction afford only a partial increase, the amount is to be "equitably" apportioned among Officers of the same class. The present amount available from Civil and Session Judges is 10,000, but His Honor in Council regards the immediate saving made in the allowances of Officers of the Sudder Court as likewise available for the augmentations of Civil and Session Judges' Salaries. Thus the amount in hand applicable for augmentations from the 20th February last is 15,000

* Court's Orders, para. 43. available from Civil and Session Judges is 10,000, but His Honor in Council regards the immediate saving made in the allowances of Officers of the Sudder Court as likewise available for the augmentations of Civil and Session Judges' Salaries. Thus the amount in hand applicable for augmentations from the 20th February last is 15,000

7th. Since that date Mr. Cracroft's resignation has been received; this Gentleman's Salary was 41,800 being that of a 2d Judge of Circuit under the old system. Considering of this amount the excess above 36,000 as personal, His Honor in Council deems 6,000 to be available for augmentation of the inferior grade of Salaries of Civil and Session Judges. Thus the total amount at present available is 21,000, but in addition to the nine Gentlemen named as filling the office of Civil and Session Judge, a tenth, Mr. Ravenshaw, draws the same allowances of 28,000 as an additional Civil and Thuggee Session Judge, and the Criminal duties to be performed in the trial of these Offenders, are at least of equal responsibility and grade with those of ordinary Sessions, His Honor in Council is therefore disposed to admit the claim of this Gentleman to be placed on the same footing in point of Salary.

8th. Thus there are ten Officers entitled to receive in the whole 20,000 Rupees from the 20th February, but from that date till the departure of Mr. Cracroft, the amount available being only 15,000, they will each respectively receive only three-fourths of the augmentation allotted to them until the date when Mr. Cracroft's Salary fell in, and from that date the entire increase, the Additional Judges performing only Civil duties, will continue to draw, as before ordered, only 28,000.

9th. In the Statement laid before the President in Council the next Officers named are separate Magistrates. Of these the Chief Magistrate of Calcutta and Magistrate of 24-Pergunnahs are Special Officers, the allowances of which have been sanctioned by the Hon'ble Court. The remainder, twelve in number, have been appointed under an arrangement not before the Court at the time of making their Orders. The appointments having been substituted for those of Joint Magistrate and Deputy Collector.

10th. The despatch of the Hon'ble Court contains no Orders specifically referring to these Officers, but His Honor in Council is of opinion that the principle of the Orders will apply, and therefore that the office of Magistrate must be established with an equal salary, the duties performed and the powers exercised being all of the same description.

11th. Of the twelve Magistrates appointed in Bengal, three are drawing 18,000 Rs per annum and the remainder 12,000. The Right Hon'ble the Governor General has proposed to fix the equal Salary of 15,000 per annum for this class of Officers, in which case Messrs. Onslow, Gilmore, and Elliott would lose 3,000 per annum, and the remaining nine would obtain a corresponding increase. This would involve a net charge of 18,000 per annum, to meet which there is no deduction available from the Salaries of Officers of the same class, and as these Officers were not embraced in the previous Orders of the Hon'ble Court, and there has been no Special Salary assigned to this class of Officers which was intentionally distributed unequally upon the principle of keeping the total the same, it cannot be assumed that there are vacancies of the higher grade.

12th. The President in Council concurring in the expediency of fixing the Salaries of the Magistrates on the uniform scale proposed, to wit, 15,000 per annum, feels that he would not be warranted in providing the means by so large a net charge upon the resources of the country; since therefore the despatch in question contains no specific orders in regard to this class, Resolved, that the case of the Magistrates be submitted to the Hon'ble Court with a recommendation that they be uniformly placed on the footing of 15,000 per annum.

REVENUE.

13th. In the Sudder Board of Revenue the Salary of Mr. R. D. Mangles, temporary Member, will require to be reduced from 45,000 to 42,000, but as this Gentleman has taken his departure in the "Repulse" the case is only noted, for the saving which becomes available in consequence for other augmentations.

14th. Of the Commissioners, Mr. Dampier only draws more than the amount fixed by the Hon'ble Court, his Salary was fixed at 39,000—36,000+3,000 for travelling charges on the 26th January 1836. The Orders for reduction do not therefore apply to his case.

15th. The remaining six Commissioners of Revenue draw uniformly, 38,000, i. e. 35,000 + 3,000 travelling charges, (vide Civil Auditor's Statement)

* These Officers draw the old Salary of 18,810, besides Commission, which more than makes up the deficiency. Mr. Barwell draws the Special Salary heretofore drawn by him as Collector of Dacca, with the addition of a Salt charge. The aggregate allowances of all these Gentlemen is of course in excess of the present highest scale of Salary, viz. 25,000.

4000, to reduce their Salaries to the scale of 29,000 fixed by the Hon'ble Court for this class. There are eight Officers—

A. Ogilvie,
N. Smith,
E. Sterling,
J. Laurell,
R. Forbes,
F. Skipwith,
W. Dirom,
H. C. Hamilton,

drawing only 21,000 per annum, and to each of whom therefore an increase of 2,000 per annum would have to be awarded were there funds available under the Order to apportion the amount available from the same class which is in this case 4,000 per annum; each of the above eight Gentlemen would receive from the 20th ultimo 600 per annum, and if the gain from reduction, of Mr. Mangles be thrown into the account they will each receive in addition one-eighth of 8,000 per annum from the 14th March, the date of Mr. Mangles' departure, to wit, 875 per annum.

16th. According to the letter of the Hon'ble Court's Secretary, dated 28th March, the sum at present

available for addition to the allowances of the Collector's drawing only 21,000, but as each of the three old incumbents must be considered as Collector of the 1st class, there will be a further 2,000 Rs. to be distributed upon each vacancy, and when the whole of these offices have lapsed the total Salary of each of the Collectors now drawing 21,000 will be $500 + 375 + 750 = 1,625 + 21,000 = 22,625$. Messrs. Erskine and Dick will, however, draw 23,000, there would still therefore be a grade amongst these Officers—for their successors will still draw 23,000, i. e. superior allowances to other Collectors.

17th. There is however an important point still to be noticed, which is this, that in the Resolution of the 21st May 1837, upon the previous despatch of the Hon'ble Court, it was laid down as a rule that the total Government payment to the class being taken at the amount fixed by the Hon'ble Court the distribution, instead of being equable should be by grades; one-half drawing an amount in excess of the average, and the other half in the same proportion less. But if this principle had been followed out as intended, the amount available for increase of the underpaid Officers would, of course, have exactly equalled the demand, and it appears that the only reason why this is not the case is, that promotion to the higher grade has for some time been suspended, and on that account there is, reckoning the three incumbents of the former system as upper grade Officers, a vacancy of one of this grade to complete the number six, or one and a half, if the exact half of 18 be taken, assuming 3,000 Rupees per annum to be available for the augmentations; on this account a sum of 375 will be added immediately to the allowances of the underpaid Collectors, which is the complement of the exact sum of 23,000 for each. The effect of the Court's present Orders will therefore be, that, instead of drawing 23,000 immediately, 375 per annum of that amount will be payable from the date of Mr. Mangley's departure, and 750 in three parts, as Messrs Barwell, Belli and Wilkinson vacate.

JUDICIAL—REVENUE

28rd. The next Officers on the list are Magistrate-Collectors—to these the Hon'ble Court has allotted the uniform Salary of 26,000 per annum, with exception to the three employed in Cuttack, who being also Salt Agents, are allowed to draw 28,000. There are 14 Officers of this class, of whom one only, Mr. Raikes, draws 28,000 upon the ground of having a small charge of Customs—all the remainder, the Cuttack Officers excepted, who draw also 28,000 as allowed by the Court in consideration of the districts being unsettled and of there being a Salt charge annexed to each, receive 24,000 per annum. There are thus ten Officers to be increased 2,000 Rupees each, and as the Salary authorized by the Court for Chittagong in the previous despatch was 28,000, the Government having urged its being raised to 30,000 on special grounds personal to Mr. Harvey, which the present despatch recognizes, there are none who will suffer corresponding deductions. According to the strict principle of the Hon'ble Court's despatch there is no fund from which to provide for these Officers the increases allotted to them, and as the expediency of dividing the Magistrate's office from that of Collector's, appears now to be very generally admitted in Bengal, it may not be considered of so much importance to seek prospectively for the means of raising the Salaries of the Magistrate-Collectors in the manner proposed by the Court.

24th. It is to be observed however, that the cause of there being no Collector-Magistrates on the higher Salary of 28,000 is the same, as remarked in the case of the Collectors only, viz. the suspension of promotions to the higher grade. The entire half therefore of the number of these Officers may, on the same principle, be deemed entitled to the augmentation though they have not received it, in which case the fund, though in abeyance, exists for raising the whole to 26,000 from the 20th February last.

25th. In the business of administration there are evidently three distinct duties to be performed. The collection of Revenue, the administration of Civil Justice, and the preservation of the Police and Peace of the country.

26th. The natural provision for the performance of these duties is through separate Officers for each, and if heretofore the Police and Peace have been united first with the administration of Civil Justice, and subsequently with the collection of Revenue, the doubling-up of distinct duties has been a necessary

imperfection arising from the desire to diminish the number of Public Officers as well for the sake of economy as from the want of servants in sufficient number to provide separate Officers for all three duties.

27th. The latter want is not at present felt, because of the extraordinary supply of Civil Servants furnished by the Hon'ble Court in the years 1826, 1827, and 1828.

28th. Of the fifty Servants nominated in each of these years, forty have now passed their tenth year, which is a period of service at which full competence for the most responsible duties is of necessity reached. It is this condition of the Service which enables the Government and seems to require of it to provide separate Officers for each of the three classes of ministerial duties, which have of necessity to be performed in every district.

29th. The only class of Officers remaining to be noticed is that of independent Joint Magistrates and Collectors, who have always been appointed at out Stations. Of these there are at present nine, of whom five receive 18,000 per annum, and four 12,000. If in order to follow out the principle laid down by the Hon'ble Court it be deemed necessary to equalize these allowances, and consequently it should be determined to place them all on the scale of 15,000, there will be an excess of 3,000 beyond the amount required to raise the smaller Salaries which may be added to the allowances of the Magistrate-Collectors, making a further addition to them of 300 Rupees each per annum; but His Honor in Council is inclined to respect the rights of Incumbents of the class under review, and would not therefore order a present reduction, more especially as they are not included amongst the classes revised by the Hon'ble Court, so that the salary assigned is not in contravention of any Orders of the Hon'ble Court. Moreover in several instances the separate joint office at the out Station had existed at the same salary for a long time, and though of necessity known to the Hon'ble Court, they have not been ordered to be reduced—His Honor in Council therefore, instead of equalizing the allowances of these out Station Officers, prefers establishing 18,000 Rupees as the Ordinary Salary of them, and seeking to reduce their number by a new distribution of Zillahs so as to abolish the lower grade on 1,000 per mensem.

30th. There is an inferior class of Officers not entered in the list called Joint Magistrates and Deputy Collectors of the 2d grade on the Salary of Head Assistant under the old system, viz 8,400 per annum.

31st. These Officers were until lately divided into two classes, the higher of which received 1,000 per mensem. These have now however been entirely absorbed. The abolition of the Gradation System will therefore have no application to the remaining single grade of these Officers, which, as an useful aid in troublesome districts, may require to be maintained.

32d. It only remains to notice the individual cases:—these are the case of Mr. W. Young, Secretary to the Board of Customs, Salt and Opium, to whom the Hon'ble Court confirm his previous allowances of 30,000, but direct the Salary of the Board of Customs, Salt and Opium, to be reduced to 28,000 on a vacancy. This reduction will of course take effect.

33d. The cases of Messrs. Harvey and Mills require no orders, as both these Officers are now Commissioners.—The case of the Salt Agents of Hidgellie and Tumlook is again referred to by the Hon'ble Court. The Salary of these Officers were, in the previous despatch, ordered to be reduced from 50,000 to 42,000. Mr. Barlow, the Salt Agent of Hidgellie, as an Incumbent, is entitled to continue upon his present allowances of 50,000, but Mr. Martin was appointed in August 1835, upon a Salary of 30,000.

34th. It is not clear to the President in Council whether this latter Salary shall be raised.

35th. Having thus disposed of the questions arising out of this despatch, so far as they apply to Bengal.—Ordered, that copy of the above Resolution be sent to the Right Hon'ble the Governor General for His Lordship's information, in order that the President in Council may have the benefit of His Lordship's views and sentiments as to the manner in which the Court's Orders should be carried into effect also in the North Western Provinces.

Ordered, that a copy of the above Resolution be sent to the Government of Bengal through the Revenue and Judicial Department of the Government of India, with a view to the several augmentations

and reductions being carried fully into effect from the dates and in the manner stated.

The Judge may also cause information to be given in the Government Gazette.

Determination of Judge. ed, that on or after the day fixed for hearing, the Judge shall, after summary investigation, decree the right of succession to the person or persons in whom it may appear to belong, and pass order for possession of such party or parties who may be before the Court as claimants, provided that where the Judge shall have reason to believe that the interests of any person entitled are not duly represented before him, he may postpone the investigation till the expiration of such notices for parties to attend and prefer their claim, as the circumstances of the case may in his judgment require.

X. And it is hereby enacted, that the determination of the right to succession by the District Judge can only be reversed on appeal to the Sudder Dewanny Adawlut. But that Court may not merely declare who is the party entitled upon the evidence before the Zillah Judge. But at their discretion may, upon petition, direct a rehearing by the Judge upon fresh evidence or upon the claim of any new party, or may direct a regular suit to be tried.

XI. And it is hereby enacted that the District Judge may also exercise the powers of appointing Curator conferred by the preceding Sections on application of a creditor who has instituted a regular suit for the recovery of his claim, on being satisfied that the demand is well founded and that the appointment is necessary to prevent waste.

XII. And it is hereby enacted that the Curator appointed under any Section of this Act will register all claims committed to him, and at the end of 12 months from the date of appointment must file an account of Administration. If the trust committed to him is then susceptible of being closed he will propose a scheme for closing it by partition amongst those entitled to participate, or by surrender of property to those jointly interested if their desire or other circumstances should be opposed to partition. The Curator will also file lists of claims admitted and unadmitted, and particulars of any Estate Effects, not administered to and of outstanding claims. A disputed claim shall not be paid, but the Judge may exact security from those receiving funds realized to satisfy such claim to extent of assets received, provided claimant has brought or within one year shall bring an action to establish his demand. The Judge may also prolong the Administration generally or specially.

XIII. And it is hereby enacted, that after the Judge of any District shall have appointed any Curator, such appointment shall preclude the Judge of any other District within the same Presidency from appointing any other Curator; and the Curator first appointed shall, at the discretion of the Judge appointing him have jurisdiction over all the property of the deceased within the same Presidency or such part of the property or within such limits of the same Presidency as the Judge shall direct.

XIV. And it is hereby enacted, that no debtor of any deceased person shall be compelled in any Court of Law to pay his debt to any person claiming to be entitled to the Effects of any part thereof, not being a Curator appointed under this Act with power to recover debts, except on the production of a certificate to be obtained in manner hereinafter mentioned, unless the Court shall be of opinion that payment of the debt is withheld from fraudulent or fraudulent motives, and not from any reasonable doubt as to the party entitled to receive the same.

XV. And it is hereby enacted, that the Judge of the District Court shall, after the appointment of a Curator, cause notice to be given in the Government Gazette, and also in such places and to such persons as he may direct, of the day fixed for hearing the application for appointment of a Curator, and of the day fixed for the determination of the right to succession.

XVI. And it is hereby enacted, that the Judge of the District Court shall, after the appointment of a Curator, cause notice to be given in the Government Gazette, and also in such places and to such persons as he may direct, of the day fixed for hearing the application for appointment of a Curator, and of the day fixed for the determination of the right to succession.

XVII. And it is hereby enacted, that the Judge of the District Court shall, after the appointment of a Curator, cause notice to be given in the Government Gazette, and also in such places and to such persons as he may direct, of the day fixed for hearing the application for appointment of a Curator, and of the day fixed for the determination of the right to succession.

XVIII. And it is hereby enacted, that the Judge of the District Court shall, after the appointment of a Curator, cause notice to be given in the Government Gazette, and also in such places and to such persons as he may direct, of the day fixed for hearing the application for appointment of a Curator, and of the day fixed for the determination of the right to succession.

XIX. And it is hereby enacted, that the Judge of the District Court shall, after the appointment of a Curator, cause notice to be given in the Government Gazette, and also in such places and to such persons as he may direct, of the day fixed for hearing the application for appointment of a Curator, and of the day fixed for the determination of the right to succession.

applicant to recover the debts or shares of debts due to a deceased person, viz. the Zillah or District Court in which deceased may have resided, such Court in which any part of the property of deceased may be found, such Court in which the debtor may reside. The applicant in his petition shall set forth his title to recover debts due to deceased or any part thereof. The Judge shall issue notice of application inviting opposition and fixing a day for hearing petition, and in these matters shall proceed as laid down in the rules in Sections VIII and IX.

Effect of Certificate. XVI. And it is hereby enacted, that the certificate of the District Judge shall be conclusive of the representative title against all debtors to the deceased, and shall afford full indemnity to all debtors paying their debts to the person in whose favor the certificate has been granted.

Security taken from grantee of Certificate. XVII. And it is hereby enacted that the District Judge may take such security as he shall think necessary from any person to whom he shall grant a certificate for rendering an account of debts received by him, and for indemnity of persons who may be entitled to the whole or any part of the monies received by virtue of such certificate.

Decision of Judge how far final. XVIII. And it is hereby enacted, that the granting of such certificate may be suspended by an appeal to the Court of Sudder Dewani Adawlut, which Court may declare the party to whom the certificate should be granted, or may direct such proceedings for the investigation of the title as it shall think fit. The Court may also upon petition, after a certificate shall have been granted by the Zillah Judge, grant a fresh certificate in supersession of the certificate granted by the Zillah Judge, such fresh certificate shall not affect any payments made to the person to whom any former certificate may have been granted without notice that the same has been superseded.

Local extent of power given by Certificate. XIX. And it is hereby enacted, that every certificate shall give authority to the person to whom the same is granted, throughout the Presidency within which the same is granted, and no certificate subsequently granted in respect of the same property shall be valid or effectual, except as hereinafter mentioned.

Government Note's Dividends. XX. And it is hereby enacted, that a Curator appointed or person certified, as aforesaid, may be empowered to receive interest on Government Notes and Dividends on Shares of any Bank or parts thereof, and to negotiate such Securities. He may be also empowered to receive a share of such interest or dividend or to negotiate a share of such Securities. These powers (which only arise by express words in the appointment and certificate) may be exercised in regard to Government Notes and certificates of Shares of any Bank existing within the local jurisdiction of the Supreme Court of that Presidency in which is situate the District Court by whom those powers are conferred.

Payments to Curator, or under a Certificate erroneously appointed or granted. XXI. And it is hereby provided always, that where a Curator may have been appointed or a certificate may have been granted, all payments to any such Curator or to any person to whom such certificate has been granted, made in ignorance of circumstances avoiding the appointment or certificate, shall be held good against claims under any valid appointment or certificate.

To what persons the Act applies. XXII. And it is hereby provided always, that nothing in this Act contained shall be held to extend to the real or personal property of any person whose personal property cannot by law pass to personal representative without a Probate or Letters of Administration obtained in one of Her Majesty's Courts of Justice.

Curatorship or Certificate after grant of Probate or Letters void. XXIII. And it is hereby enacted, with regard to the real and personal property of deceased persons whose personal property cannot by law pass to their personal representa-

tives without any Probate or Letters of Administration obtained in any of Her Majesty's Courts of Justice, that no appointment of a Curator or certificate in respect of any such real or personal property shall be valid after a Probate or Letters of Administration granted in respect of the same, provided Assets belonging to the deceased were at the time of his death within the jurisdiction of the Court granting the Probate or Letters of Administration.

Bonafide payments protected. XXIV. And it is hereby provided, that where a Curator may have been appointed on a certificate granted in cases in which such appointment or certificate would be valid, but for a Probate or Letters of Administration previously granted, all payments made in ignorance of the circumstances avoiding the appointment or certificate shall be held good against claims under the Probate or Letters of Administration so previously granted.

Probate or Letters after previous Curatorship or Certificate void. XXV. And it is hereby enacted, that no Probate or Letters of Administration shall be valid after an appointment of a Curator, or a certificate granted in respect of the same property for which such Probate or Letters of Administration shall have been granted, provided Assets belonging to the deceased were at the time of his death within the jurisdiction of the Court making such appointment or granting such certificate.

Bonafide payments protected. XXVI. And it is hereby provided, that where Probate or Letters of Administration may have been granted, in cases in which such Probate or Letters of Administration would be valid, but for the previous appointment of a Curator or grant of a certificate, all payments made in ignorance of the circumstances avoiding the Probate or Letters of Administration shall be held good against claims under such previous appointment of a Curator or grant of certificate.

Effect of Probates and Letters of Administration of Hindoos and others. XXVII. And it is hereby declared, that all Probates and Letters of Administration granted by any of Her Majesty's Courts in cases in which any Assets belonging to the deceased were, at the time of his death, within the jurisdiction of the Court granting the Probate or Letters of Administration, shall have all the effect of Probate and Letters of Administration granted in respect of the property of persons whose personal property cannot by law pass to his personal representative without a Probate or Letters of Administration, except so far as is in this Act provided, and except that this Act shall not be construed to make the taking out of Probate or Letters of Administration necessary for succession to property in any case in which it is not now necessary.
